POLL EVERYWHERE

Collect instant audience feedback through the use of cell phones or other mobile devices.

<http://www.polleverywhere.com/>

The screenshot shows the Poll Everywhere website interface. At the top, there is a navigation bar with the logo, 'Pricing', 'Take a Tour', 'Help & FAQ', 'Signup', and 'Login'. The main heading is 'Instant Audience Feedback'. Below this, there are four menu items: 'Try voting on a multiple choice poll', 'Text a free text poll', 'Watch the demo video', and 'How does Poll Everywhere work?'. A prominent green button says 'Create your first poll' with the subtext 'Takes 30 seconds. No signup required.' To the right, a poll titled 'What's Your Favorite Animal?' is displayed. It shows a bar chart with three categories: LION (0%), TURTLE (80%), and GRANDPA (0%). Above the chart, it says 'Text your CHOICE to 22333' and 'Change region'. Below the poll, there is a social media-like section with a 'Like' button and the text '854 people like this.' The bottom section contains two columns of text: 'What is Poll Everywhere?' and 'Who uses Poll Everywhere?'.

What is Poll Everywhere?
The fastest way to create stylish real-time experiences for events using mobile devices

Poll Everywhere replaces expensive proprietary audience response hardware with standard web technology. It's the easiest way to gather live responses in any venue: conferences, presentations, classrooms, radio, tv, print — anywhere. And because it works internationally with texting, web, or Twitter, its simplicity and flexibility are earning rave reviews.

Who uses Poll Everywhere?
Presenters, ad agencies, K-12 teachers, colleges, faith-based organizations, non-profits, and more

Google, McDonalds, Oracle, MIT, Notre Dame, the US Census, Saddleback Church and many others have all used Poll Everywhere. Outside of meetings and the classroom, Poll Everywhere has proven itself as a cost-effective tool for agencies in television, radio, and print campaigns. We are spam-free. Participants will never receive unsolicited text messages, and audience phone numbers are kept private.

VOICETHREAD

Design a collaborative, multimedia slideshow that allows viewers to comment using 5 different methods.

<http://www.voicethread.com/>

The screenshot shows the VoiceThread website homepage. At the top left is the 'vt' logo. Navigation links for 'Products' and 'About' are in the top center, and 'Sign in or Register' is on the top right. The main content area features a testimonial video with the text: 'VOICETHREAD in Higher Education' and a quote from Ken Tothero: 'The primary factor that differentiated VoiceThread from the other tools we were using, is that it just worked great. It never, never failed us.' Below the quote is a 'Watch the Video' button with a play icon. Underneath the video is the name 'Ken Tothero' and his title: 'Manager, Learning & Technology Center, University of Texas at Austin'. A horizontal row of four small video thumbnails is positioned below the testimonial. At the bottom, there are three large navigation buttons: 'VoiceThread Simply Speaking' (with a play icon), 'Redefining Accessibility' (with a globe icon), and 'Get Started with VoiceThread' (with a power icon). The footer lists 'Penn State University', 'Bronx Community College', and 'Katy Independent School District'.
