

Teacher Productivity Tools

What is Socrative?

- Socrative is a productivity app that can be used to assess students in any content area.
- It can be used on a smartphone, laptop, desktop or tablet.
- It is user-friendly.
- Best of all...it's free!
- socrative.com

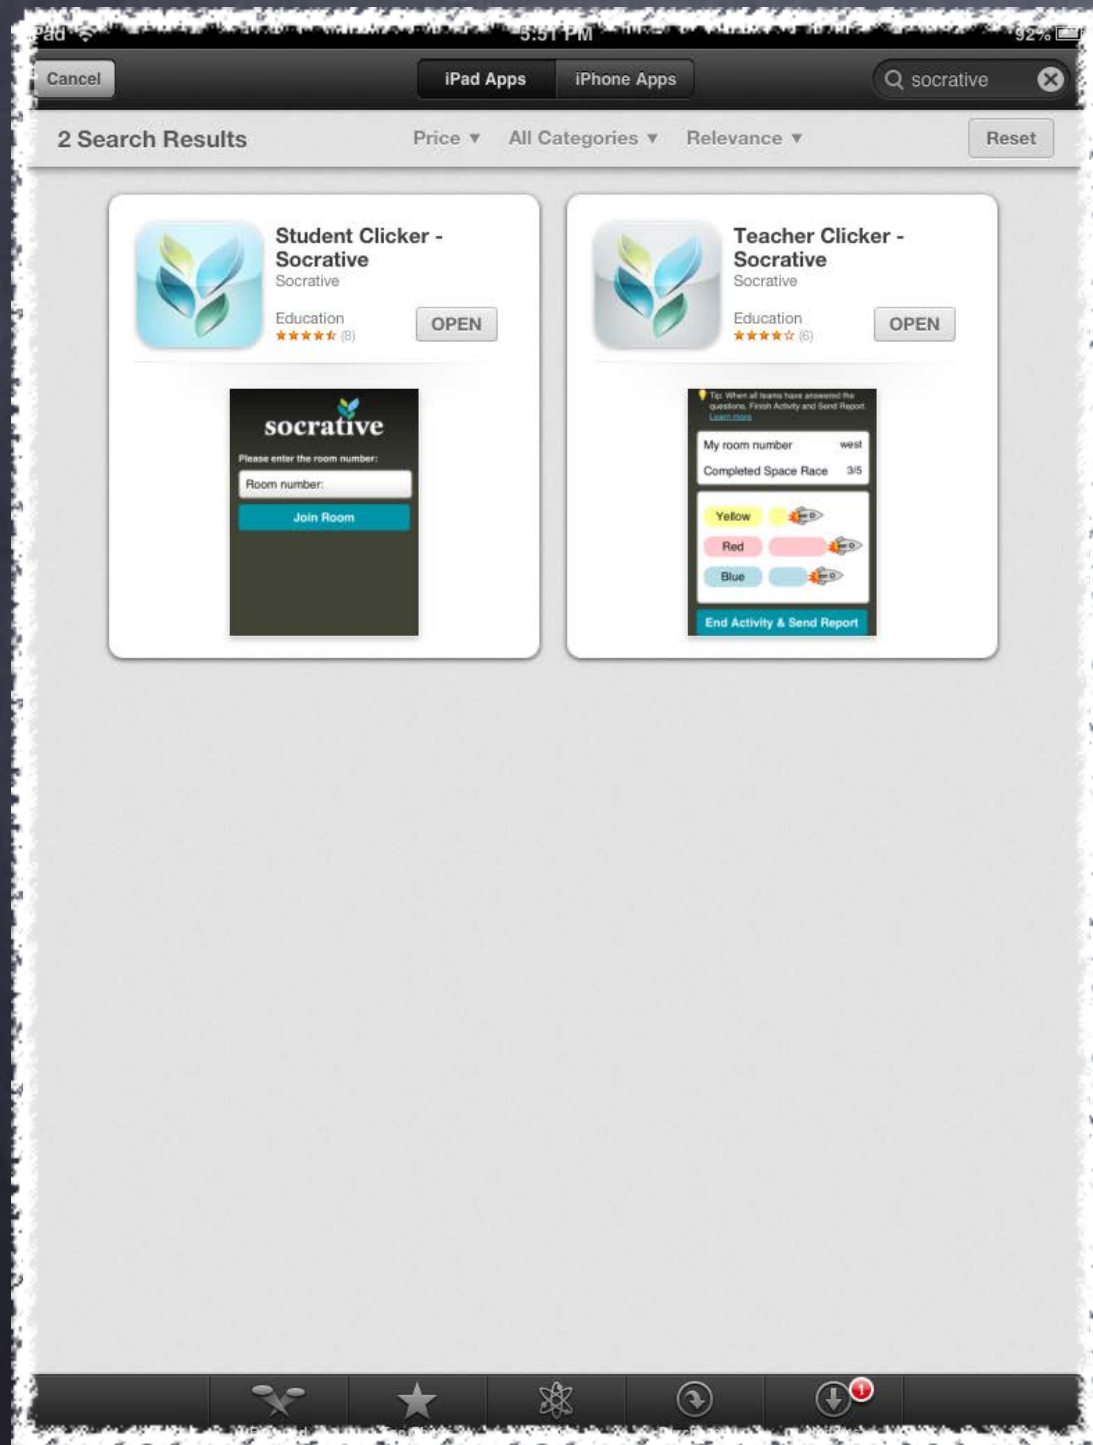

Purpose

- To assess students through multiple choice, true/false, or short answer responses.
- Results are graded and sent to the moderator as an Excel spreadsheet.

How Can it be Implemented?

You Will Need to Download...

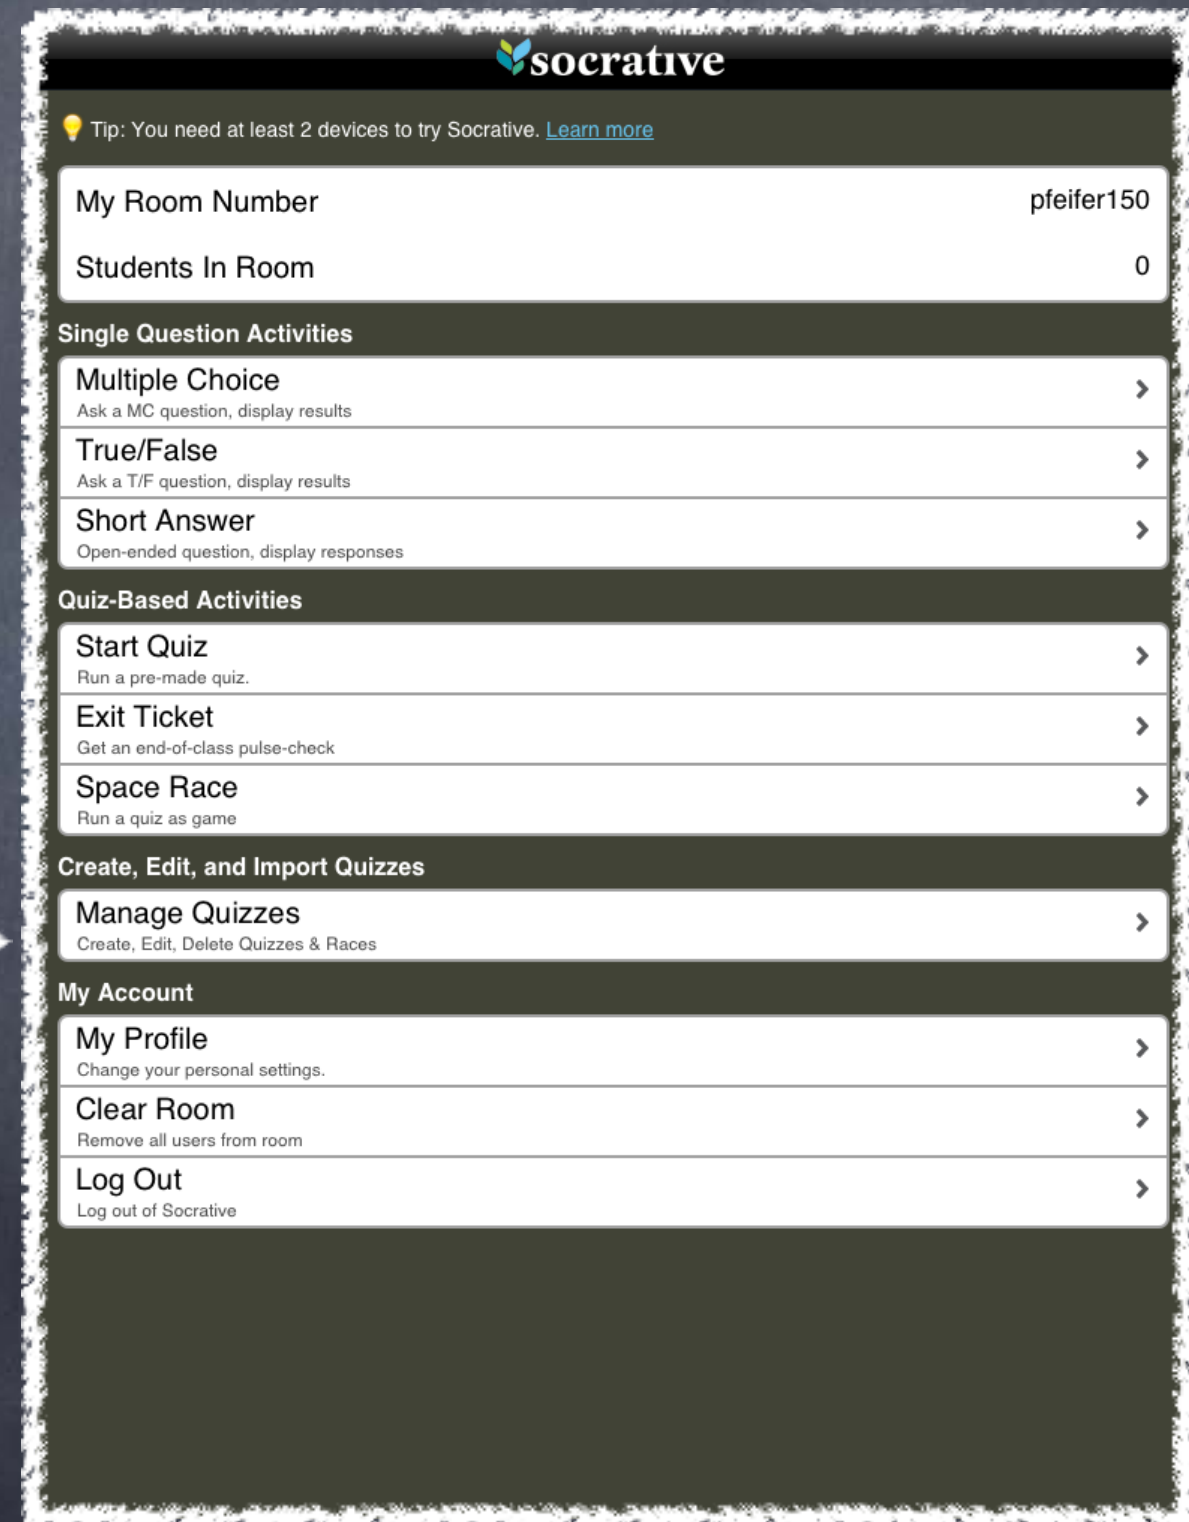

1. Socrative Teacher- on the facilitators device.

2. Socrative Student- on all student devices.

Or use the site at
www.socrative.com!

Creating or Uploading Quizzes

On the teacher home screen, you can click on the "Manage Quizzes" tab to be able to create a new quiz, edit an existing quiz, or to use a quiz created by another facilitator.

Creating Quizzes

- You can add multiple choice, true/false or short answer questions.
- For multiple choice, you may add as many answer choices as needed. Be sure to check the box beside the correct answer.
- For short answer, you can add an explanation of the correct answer.

Create a quiz using multiple choice and free response questions. [Learn more](#)

Student Use

When the Socrative Student home screen is open, it will ask the student for a "room number".

A screenshot of the Socrative Student home screen. At the top is the Socrative logo. Below it, the text "Please enter the room number:" is displayed. There is a white input field labeled "Room number:". Below the input field is a blue button labeled "Join Room". At the bottom, there is a small text link: "By logging in you are agreeing to our Terms and Privacy Policy".

Your room number will be given to you when you set up an account. It can be changed to a well known name or phrase in your "My Profile" tab.

A screenshot of the Socrative Student home screen. At the top is the Socrative logo. Below it, a tip says: "Tip: You need at least 2 devices to try Socrative. [Learn more](#)". Below the tip, there are two rows of information: "My Room Number" with the value "pfeifer150" and "Students In Room" with the value "0". Below this, there are several sections of activities, each with a list of options and a right arrow. The sections are: "Single Question Activities" (Multiple Choice, True/False, Short Answer), "Quiz-Based Activities" (Start Quiz, Exit Ticket, Space Race), "Create, Edit, and Import Quizzes" (Manage Quizzes), and "My Account" (My Profile, Clear Room, Log Out).

Running a Quiz

Facilitator View

The Facilitator View screenshot shows a 'Main screen' with a 'Start Quiz' header. It includes a notification about quiz styles, a 'My Room Number' field with the value 'pfeifer150', and a 'Students In Room' field with the value '1'. Below these is a 'Select a saved quiz' dropdown menu. Two quiz options are listed: 'Student Paced Quiz' (Students answer questions at their own pace.) and 'Teacher Paced Quiz' (Run a pre-made quiz where you set the pace.). At the bottom, there is an 'Advanced Quiz Options' section with three checkboxes: 'Randomize Answer Choices' (Multiple choice answers will be displayed in a random order), 'Disable Immediate Right/Wrong Feedback' (Students will not receive feedback about whether they got a question right or wrong), and 'Hide Question Explanations' (Explanations will not be shown for answered questions).

Main screen Start Quiz

There are two different quiz styles to choose from. [Learn more](#)

My Room Number pfeifer150

Students In Room 1

Select a saved quiz

Student Paced Quiz
Students answer questions at their own pace.

Teacher Paced Quiz
Run a pre-made quiz where you set the pace.

Advanced Quiz Options
Click the checkbox to activate/deactivate options

- ☐ Randomize Answer Choices
Multiple choice answers will be displayed in a random order
- ☐ Disable Immediate Right/Wrong Feedback
Students will not receive feedback about whether they got a question right or wrong
- ☐ Hide Question Explanations
Explanations will not be shown for answered questions

Student View

The Student View screenshot shows a 'Dashboard' with a 'Log Out' button. It displays the 'Room number' as 'Pfeifer150'. A message states 'Please wait for teacher to start next activity...' with a loading spinner below it.

Log Out Dashboard

Room number Pfeifer150

Please wait for teacher to start next activity...

There are many
options for running
quizzes!

Quizzes will begin immediately and students will be identified by typing in their first and last name on the first question...

You can watch live feedback of student progress while the students are taking the quiz...

The 'Quick Quiz' interface features a dark header with the title 'Quick Quiz'. Below the header, there is a white input field for 'Room number' with the value 'Pfeifer150' displayed on the right. The main area is dark green and contains the text 'Question 1 of 5' and 'Please enter your first and last name:'. A large white rectangular input field for the name is positioned below the text. At the bottom, there is a teal button labeled 'Submit'.

The 'Student Paced Quiz' interface has a dark header with a 'Quizzes' tab on the left and the title 'Student Paced Quiz' on the right. The main area is dark green and displays several white boxes with student information: 'My Room Number' (pfeifer150), 'Students In Room' (1), and 'Completed Quiz' (0/1). Below these is a table with three columns: 'Student Name', 'Progress', and 'Correct answers (Multiple choice only)'. The table contains one row for 'Test Student' with progress '1/5' and correct answers '0/3'. At the bottom, there are two teal buttons: 'Hide Live Results' and 'End Activity'.

Student Name	Progress	Correct answers (Multiple choice only)
Test Student	1/5	0/3

Results

Results are sent to the facilitator's e-mail in the form of an Excel spreadsheet. Multiple choice and true/false questions are graded and short answer questions are displayed for teacher viewing...

Other Uses

- Use pre-made "Exit Tickets" already created by Socrative to check student understanding of a newly introduced concept that day.
- Use the "Space Race" feature to run pre-made quizzes as a game for team use.

Caveats

While creating a quiz, you cannot stop and cancel it. The app requires you finish and save the quiz and you will have to go back to delete it under the "Manage Quizzes" tab on your home screen.

- Limited access to pre-made quizzes.
- Limit of 50 students per quiz session.

What is Triptico?

- Triptico is a productivity tool that's gives you the power to add interactivity to your teaching
- It can be used on a smartphone (app), laptop, desktop or tablet.

- Cost? 

How to get started

- Visit triptico.co.uk/home
- Download the Desktop app for free

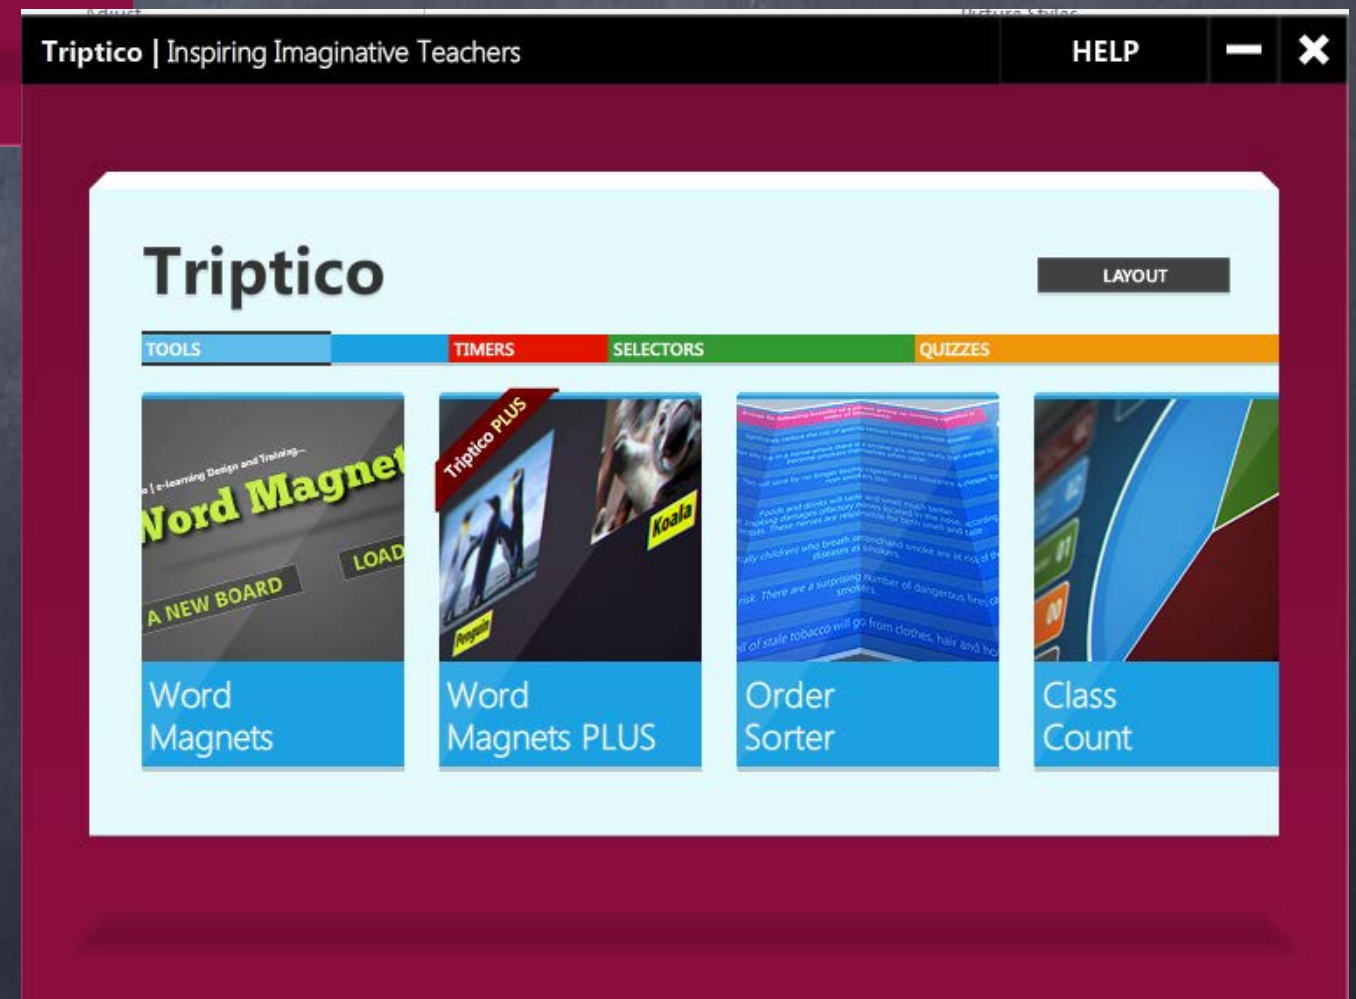

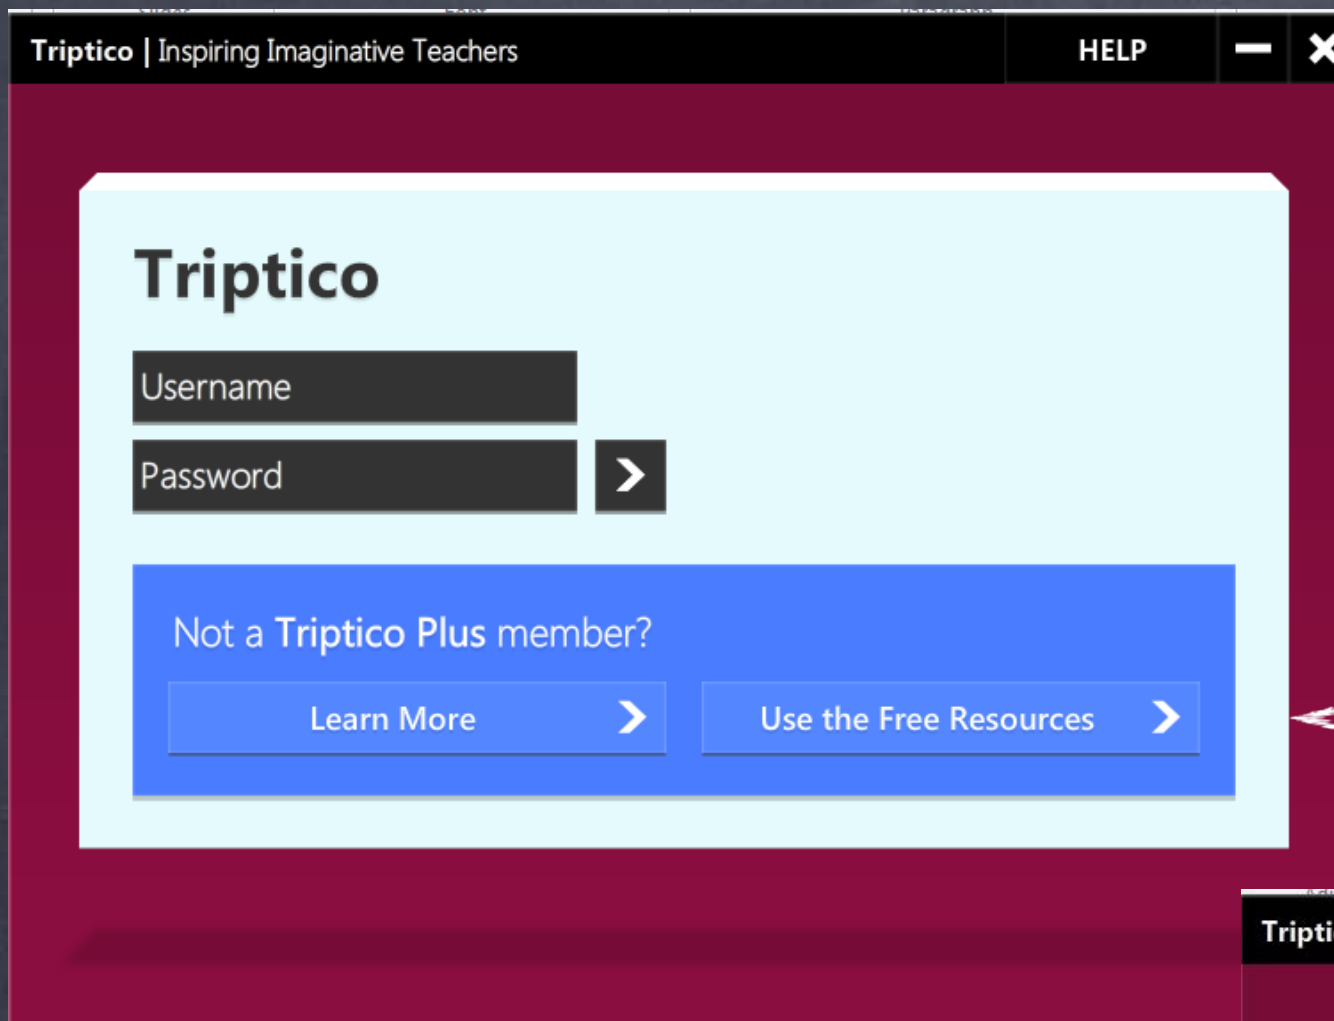

Installing the App

The installer below will guide you through the simple process of adding the **free** Triptico Plus app and **free** resources to your desktop.

If you would like to make the app available across a whole school or organisation, then please [contact us](#) for information about our 'network-friendly' version of the app and site licence.

Chrome Users: If you have difficulties installing the app then please try visiting the site with a different web browser.

What is Confer?

- Confer is an App for student observation & notetaking tool for teachers
- App available for any device
- Confer Lite – Free
- Confer - \$14.99

The image is a screenshot of the Confer app's website. At the top, the Confer logo is displayed with the tagline "A POWERFUL STUDENT OBSERVATION & NOTETAKING TOOL FOR TEACHERS". Below the logo is a navigation bar with links for Home, Tutorial, Testimonials, and Contact. The main heading reads "Change how you take classroom notes." Below this, three features are highlighted: "Speed", "Sort", and "Share". Each feature is accompanied by a screenshot of the app interface and a brief description of its functionality. The "Speed" feature shows a form for entering student notes. The "Sort" feature shows a list of student notes that can be sorted by date, tag, strength, teaching point, or next step. The "Share" feature shows a diagram of data sharing options, including Dropbox, Google Docs, and email. At the bottom, a paragraph states that Confer was created by a National Board Certified Teacher and allows teachers to make instructional decisions based on classroom notes.

Speed

Quickly take notes on your students' strengths, teaching points and next steps. Use the "Quick Text" feature to instantly enter notes you've already imported or typed. Select a small group of students and save one note to each of them with a single tap.

Sort

View students with the same note text to identify common needs. Order students by date, to see who you still need to meet with. Sort them by level or by the small groups you've created. All with the touch of a button.

Share

Upload your data as a Google Spreadsheet and create printable word document reports. Merge your data with coteachers via email. Create teaching points on your computer and then import them onto your device and send them to colleagues. Share your practice.

Created by a National Board Certified Teacher, Confer allows your classroom notes to inform your instructional decision making in unprecedented ways. The speed with which Confer enables you to take notes lets you easily collect precise data in greater quantities. And the variety of different views, give you rich, usable data from those notes — instantaneously.
